

This architectural floor plan depicts a two-story building with a symmetrical layout. The plan includes a central corridor and various rooms, each equipped with windows and doors. Key features and dimensions are as follows:

- Overall Dimensions:** The building's total width is 84 units, and its total depth is 384.3 units. The two main wings are 168.0 units wide each.
- Room Layout:**
 - Top Wing:** Contains a large central hall (146 units wide) with a door (208 units wide) and a window (142 units wide). It also features several smaller rooms with windows of varying sizes (e.g., 82x116, 86x114, 45x56).
 - Bottom Wing:** Mirrors the top wing's layout, featuring a central hall (146 units wide) and a door (210 units wide).
- Windows:** Numerous windows are distributed throughout the plan, with specific dimensions labeled for many, such as 142x174, 82x116, 86x114, 45x56, 85x85, and 146x235.
- Doors:** Several doors are shown, including a large central door (208 units wide) and a side door (210 units wide).
- Corridor:** A central corridor runs the length of the building, providing access to all rooms.

Architectural floor plan of a room. The overall dimensions are 1050 (width) by 927 (depth). The plan includes a door on the left wall, a window on the right wall, and a small alcove or entrance on the right side. Dimensions for the door opening are 235 (width) and 100 (height). The scale is indicated as Skala 1:100.
